[PAVILLION-update-Sept2013.docx](#)

Hi, Ayn! I'm hoping this task will not be too onerous. Please respond directly to Pamela Janifer with your update (or concurrence on the attachment) with a copy to me.

The update is for a hearing by the House Science, Space and Technology Committee on the development and use of science in regulatory decisions, including the role of the EPA Science Advisory Board.

As always, many thanks for all your help!!
